Dear Mrs. Mackey:

The graduating class of the Vivian High School is very proud to dedicate to you, our sincere friend and neighbor, its most cherished publication—the 1951 volume of the yearbook. By your friendly interest in all the affairs of our class and of the school, by the unselfish giving of your time and of your services whenever they are needed, and by your sweet and genial disposition you have set for us a standard of inspiration rivaling that of any person closely connected with our school activities. You will always be remembered by this class as a loyal and devoted associate of all our school activities.

It is with these thoughts in mind that we, appreciative of these and of all your fine womanly qualities, lovingly dedicate our book to you. May you be as happy in receiving this token of our love and respect as we are in giving it.

Each member of the class takes this opportunity to express to you a fond farewell.

Affectionately

The members of the 1951
graduating class of the

PRINCIPAL
VIVIAN HIGH SCHOOL
VIVIAN, LOUISIANA

December 21

Seniors of 1951, you, no doubt, are somewhat disturbed by the fact that it is difficult for you to make plans for your future with any great degree of certainty. The condition of the world does not appear to be improving. We still do not know whether we shall engage in another world war nor how soon it will come. While it is not inevitable, the fact that the whole world is getting prepared makes it the more likely to come.

We wish that, since your are completing your high school work, you could decide whether to try to find some suitable work, or to go to college and make further preparation for your life work. No doubt, some of you will be called into military service before a very long time. If so, we hope that you will give good service to your country. We wish that you may return safely.

Since so many people will be needed in industry, those of you who do not go into military service may be able to help by doing work in plants making war materials.

We have enjoyed working with you, and we wish you success in your work, in spite of the disturbed condition of world affairs.

Homecoming Queen

The Homecoming Celebration each year is one of the outstanding events of the school. Every class chooses representatives from its group, and one is selected to be a member of the queen's court. The queen herself is always a member of the senior class, which sponsors the activity in addition to a parade in the afternoon and a dance at night. Surely being in that selected group is an honor that every girl desires, but is one that comes to comparatively few.

QUILL AND SCROLL

Quill and Scroll, the International Honorary Society for High School Journalists, was organized for the purpose of encouraging and rewarding individual achievement in journalism and allied fields.

The Ernie Pyle Chapter of Quill and Scroll was organized in Vivian in 1945. A student must be of Senior standing, he must be in the upper third of his class in general scholastic standing, he must have done superior work in some phase of journalistic or creative endeavor, he must be recommended by the adviser and approved by the Executive Secretary.

ATTEND JOURNALISM CONFERENCE

Back row, left to right: Kay Kavanaugh, and Patsy Leach. Front row, left to right: Ann Cox and Jeanette Holbrook.

Four members of Vivian's publication staffs left on September 7 for Brenau College in Gainesville, Georgia, to attend a southwide journalistic confab.

Seven states were represented, Louisiana having only four: the girls from Vivian who were interested in learning more about make-up of a school paper and yearbook. The program for the conference was well-rounded with speakers and photographers from the Associated Press, NEA-Acme Newspictures and Eastman Kodak Company.

The highlight of the meeting was the field trip by all those in attendance to Atlanta, Georgia, via bus, to see the facilities of THE JOURNAL, one of Atlanta's largest newspapers, The Associated Press and Acme Newspictures.

Building Custodians

Mr. C. C. Blanchard, right, has been serving our school as chief custodian for fifteen years. His willingness and eagerness to help the Staff members solve the many problems pertinent to that position has created a sincere friendship among this group. His untiring patience with the student body—sawing off locks, helping to locate lost articles and his genial interest in them—have made him a distinct part of our everyday at school.

Mr. R. C. Hartzo, left, though having been with us only three years, is always ready to cooperate with the Staff and student body. His dependability and many abilities have made him an essential person in our school.
